

FloPlast Universal Board

G20/950

A 9 mm PVC-U board, designed for use as a fascia board, window board or reveal liner.

Boards are available with a single or double leg, with single leg boards available 150 mm wide to 300 mm wide in 25 mm increments and double boards available 354 mm and 454 mm wide. All boards are supplied in 5.0 m lengths.

Universal Boards require a backing board for support.

FloPlast PVC-U products have been tested in accordance with BS 476:7 1997 and have a Class 2Y fire rating.

A full range of injection moulded trims is available.

Consult FloPlast Ltd technical literature for details. FloPlast Ltd can also provide a design and specification service and it is recommended that they are consulted early in the design process.
